BAND

The New Standard for Uncompromised Living

ELEGANT  
ARCHITECTURE.

REFINED  
AMENITIES.

AN ELEVATED  
LIFESTYLE.

On a rising skyline of modern forms, Band is a beacon. Townline presents a landmark 45-storey tower that commands attention in vibrant West Coquitlam. Bold architecture, modern interiors and resort-inspired amenities — home is alive with design and lifestyle.

Explore the surrounding communities, and find the shorelines and breweries of Port Moody, the lakes and parks of Burnaby, and the world-class culture of downtown Vancouver. There is a lot to discover both close to home and only a quick SkyTrain ride away.

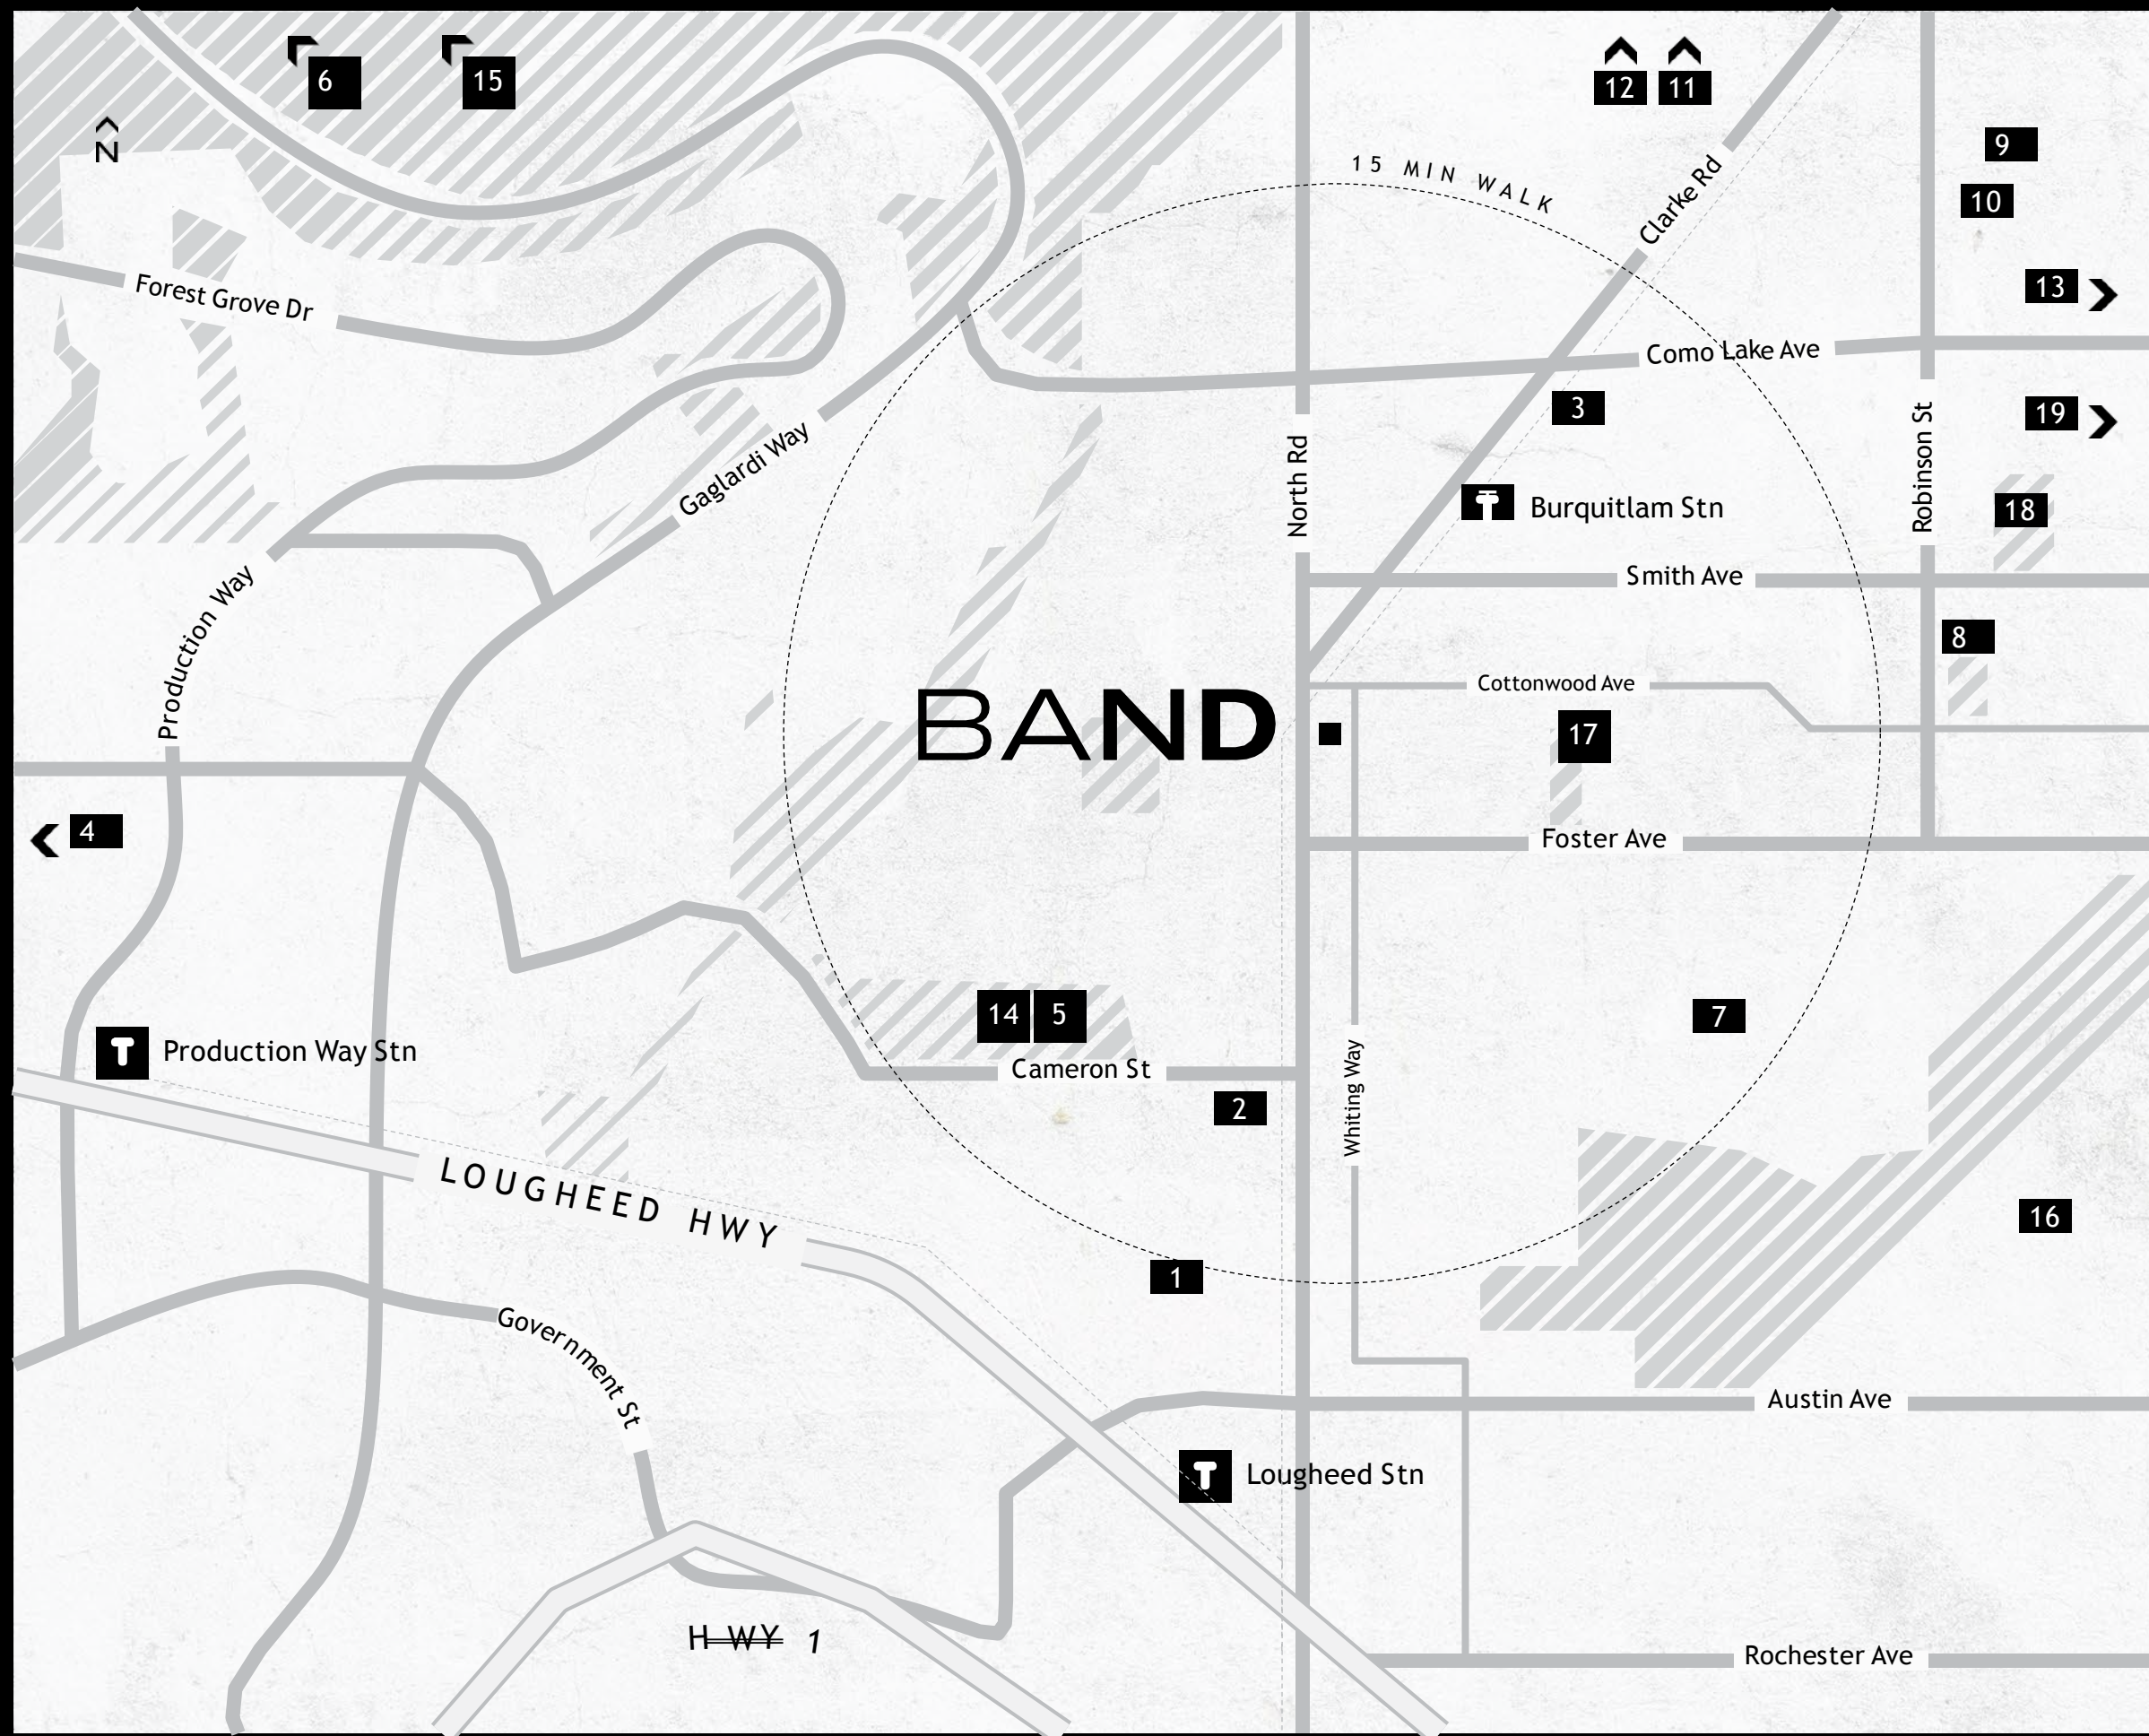

## Dynamic Community. Urban Heart.

A connected urban centre, anchored by convenient transit and community amenities, West Coquitlam is both a destination and a home. With the SkyTrain station only a six-minute walk away, and shops and services, restaurants and leisure hubs at your front door, living at Band puts you in the centre of this vibrant community. And even more is still to come.

# Bold Contrasts. Compelling Angles.

Architecture plays a daring role. From bottom to top, dark is juxtaposed with light to emphasize verticality and create a striking focal point. The tower's peak is illuminated by a double-height lantern lounge, drawing the eyes from the street up to the sky. Closer to the ground, clean geometry and a water feature are used to accentuate a dramatic lobby entrance, where a concierge awaits your arrival.

Inspired  
Life.  
Resort  
Style.

Resort-inspired amenities entice you to connect or unwind in spaces that inspire. Amenities flow throughout the building —from indoors to outdoors, creating spaces for both active living and quiet contemplation.

On the expansive, beautifully landscaped podium, an outdoor pool is the main draw, and it's complemented by cabanas, a picnic area and an outdoor lounge. Residents will also enjoy a co-work space, music and games lounge, a fitness centre and guest suites. Each space embodies Band's compelling visual language of angles and contrasts, creating an elevated design-centred experience throughout.

On the top floor, the towering lantern lounge features a social space with signature lighting and makes a bold statement on the skyline, while the dining lounge with a backdrop of panoramic vistas is perfect for entertaining. Step outdoors at these great heights to experience the breathtaking view from the BBQ area, fire pits and lounges.

## Curated Design. Thoughtful Functionality.

The 384 condos and townhomes are designed with modern intention and sophistication. “What” is always paired with “why”. Warm, minimal style and uncompromising functionality make efficient use of spaces — such as the convenient entry niche for keys and other items that you need to pick up on the move. These are homes you live well in as you grow through life.

The contrasting elements so boldly expressed on the building's façade flow into kitchens, where upper and lower cabinetry both contradict and complement. Timeless matte-black hardware stands out against quartz countertops and a porcelain slab backsplash. When it's time to cook, premium Bosch appliances bring your gourmet creations to life, making everyday meals something to savour.

Bathrooms encourage ease and relaxation with purposeful and elegant features. Shower niches keep toiletries at hand and plenty of vanity storage ensures everything is organized.

Comfort is essential throughout.
